GEODIS Awarded EcoVadis Gold Medal

GEODIS has been awarded the Gold Medal by EcoVadis, recognising the excellence of its approach to Corporate Social Responsibility (CSR). With a score of 84/100 in 2026, up from 72/100 the previous year, the Group has achieved its best result since it began undergoing EcoVadis assessments. This progress places GEODIS in the top 3% of companies assessed worldwide and in the top 1% in its industry sector, road freight transport.

GEODIS has reached a new milestone in the evaluation of its CSR performance by earning the Gold Medal from EcoVadis. For companies undergoing assessment, EcoVadis provides a detailed evaluation of CSR performance in areas such as Environment, Social and Human Rights, Ethics, and Responsible Procurement. Its evaluation is based on an analysis of implemented policies, deployed actions and their results, as well as supporting evidence such as certifications and reporting.

With an overall score of 84/100, an increase of 12 points year-on-year, GEODIS has recorded its highest EcoVadis score since it began tracking. This progress is reflected in improvements across all four assessed themes, each now scoring at least 80/100:

- Environment: 90/100
- Social & Human Rights: 82/100
- Ethics: 80/100
- Sustainable Procurement: 83/100

This overall progress reflects the strengthening and continued rollout of GEODIS' CSR roadmap. In particular, it reflects the definition and monitoring of quantitative targets, the development of certifications, and the management of action plans across the Group's various activities.

It also builds on GEODIS' ongoing commitments to decarbonization as well as GEODIS' commitments to health, safety, and ethics throughout the entire value chain.

"This new EcoVadis assessment is above all a recognition of the collective progress we have made. The increase in our score across each of the four evaluated themes demonstrates our ability to translate our CSR commitments into objectives, actions, and measurable results. Achieving 84/100, our best ratings to date, encourages us to continue this momentum of continuous improvement and to maintain a high level of rigor in deploying our CSR roadmap, for the benefit of our clients and all our stakeholders," says Virginie Delcroix, Executive Vice President Group Sustainable Development.

News

The 2026 EcoVadis assessment places GEODIS among the top 3% of companies assessed worldwide and among the top 1% of companies in its sector. The Gold Medal recognises the level of performance achieved by the Group and the advancement of its CSR approach.

GEODIS – www.geodis.com

GEODIS is a leading global logistics provider acknowledged for its expertise across all aspects of the supply chain.
